NEW BUSINESS

I. Discuss Potential Improvements for Tierney Park

The committee met in Tierney Park with developer, Don Tierney. There was general conversation regarding the future use of the addition to the park. The committee members in attendance agreed that open space suitable for open plan such as soccer, lacrosse, football, etc. would be the first proposed use for this park. Don explained that the property was scheduled to be sprayed within the week and then subsequently planted with grass by the end of August.

Parking for park users was the primary concern for the committee, as there is no parking allowed along Peaceful Valley Parkway. Don agreed to develop and present a parking plan to staff for review and approval.

A motion by Dave Jost/Brian Malich to request that the developer move forward with the construction of a parking lot in the new addition to Tierney Park. The final details of the parking plan will be reviewed and approved by Village Staff. The motion was approved.

ADJOURNMENT

A motion by Phil Willems/Brian Malich to adjourn was approved. (6:45 p.m.)

Respectfully Submitted:

Sue McDade
Community Services Director
