

ABOUT THE TOUR

This audio tour profiles some of Waunakee's rich history.

This tour was created in the spring, 2012 semester by Waunakee High School students in two Exploring Wisconsin classes.

Students conducted research using documents, news articles, photographs, maps and personal interviews. They had guidance from their history teacher, their school librarian, and librarians from the Waunakee Public Library and the Wisconsin State Historical Society.

This tour was made possible through the generosity of OnCell Systems.
