RE: WIS 19 Safety and Operations Study
Upcoming Meetings
Project I.D. 5290-00-09

The Wisconsin Department of Transportation, Southwest Region (WisDOT) is studying WIS 19 from US 12 (Town of Springfield) to WIS 89 in the City of Waterloo. This is a planning-level preservation study in which the primary goal of the study is to develop a long term plan for maintaining safety and mobility on the existing corridor. The attached study location map illustrates the study limits.

You are invited to attend and participate in our next round of Local Officials and Public Involvement Meetings. These meetings are a follow-up to the LOMs and PIMs held in early 2015. The purpose of the meetings is to review and discuss proposed safety and mobility improvements and recommendations. As representatives of your local bodies, your participation in this phase of the study is extremely valuable and important.

Please plan on attending one of the upcoming **Local Officials Meetings (LOM)**:

Tuesday, December 2, 2015

3 to 5 p.m.

Westside Community Center, 2598 West Main Street, Sun Prairie WI 53590

Wednesday, December 3, 2015

3 to 5 p.m.

Village Hall, Board Chambers Room, 500 West Main Street, Waunakee WI 53597

Additionally, we wanted to make you aware that WisDOT will be hosting two **Public Involvement Meetings (PIM)** that will present similar information to what is presented at the LOMs. WisDOT requests your assistance publicizing these public meetings within your agency or community:

Wednesday December 9, 2015

5 to 7 p.m.

Prairie View Middle School, 400 North Thompson Road, Sun Prairie WI 53590

Thursday December 10, 2015

5 to 7 p.m.

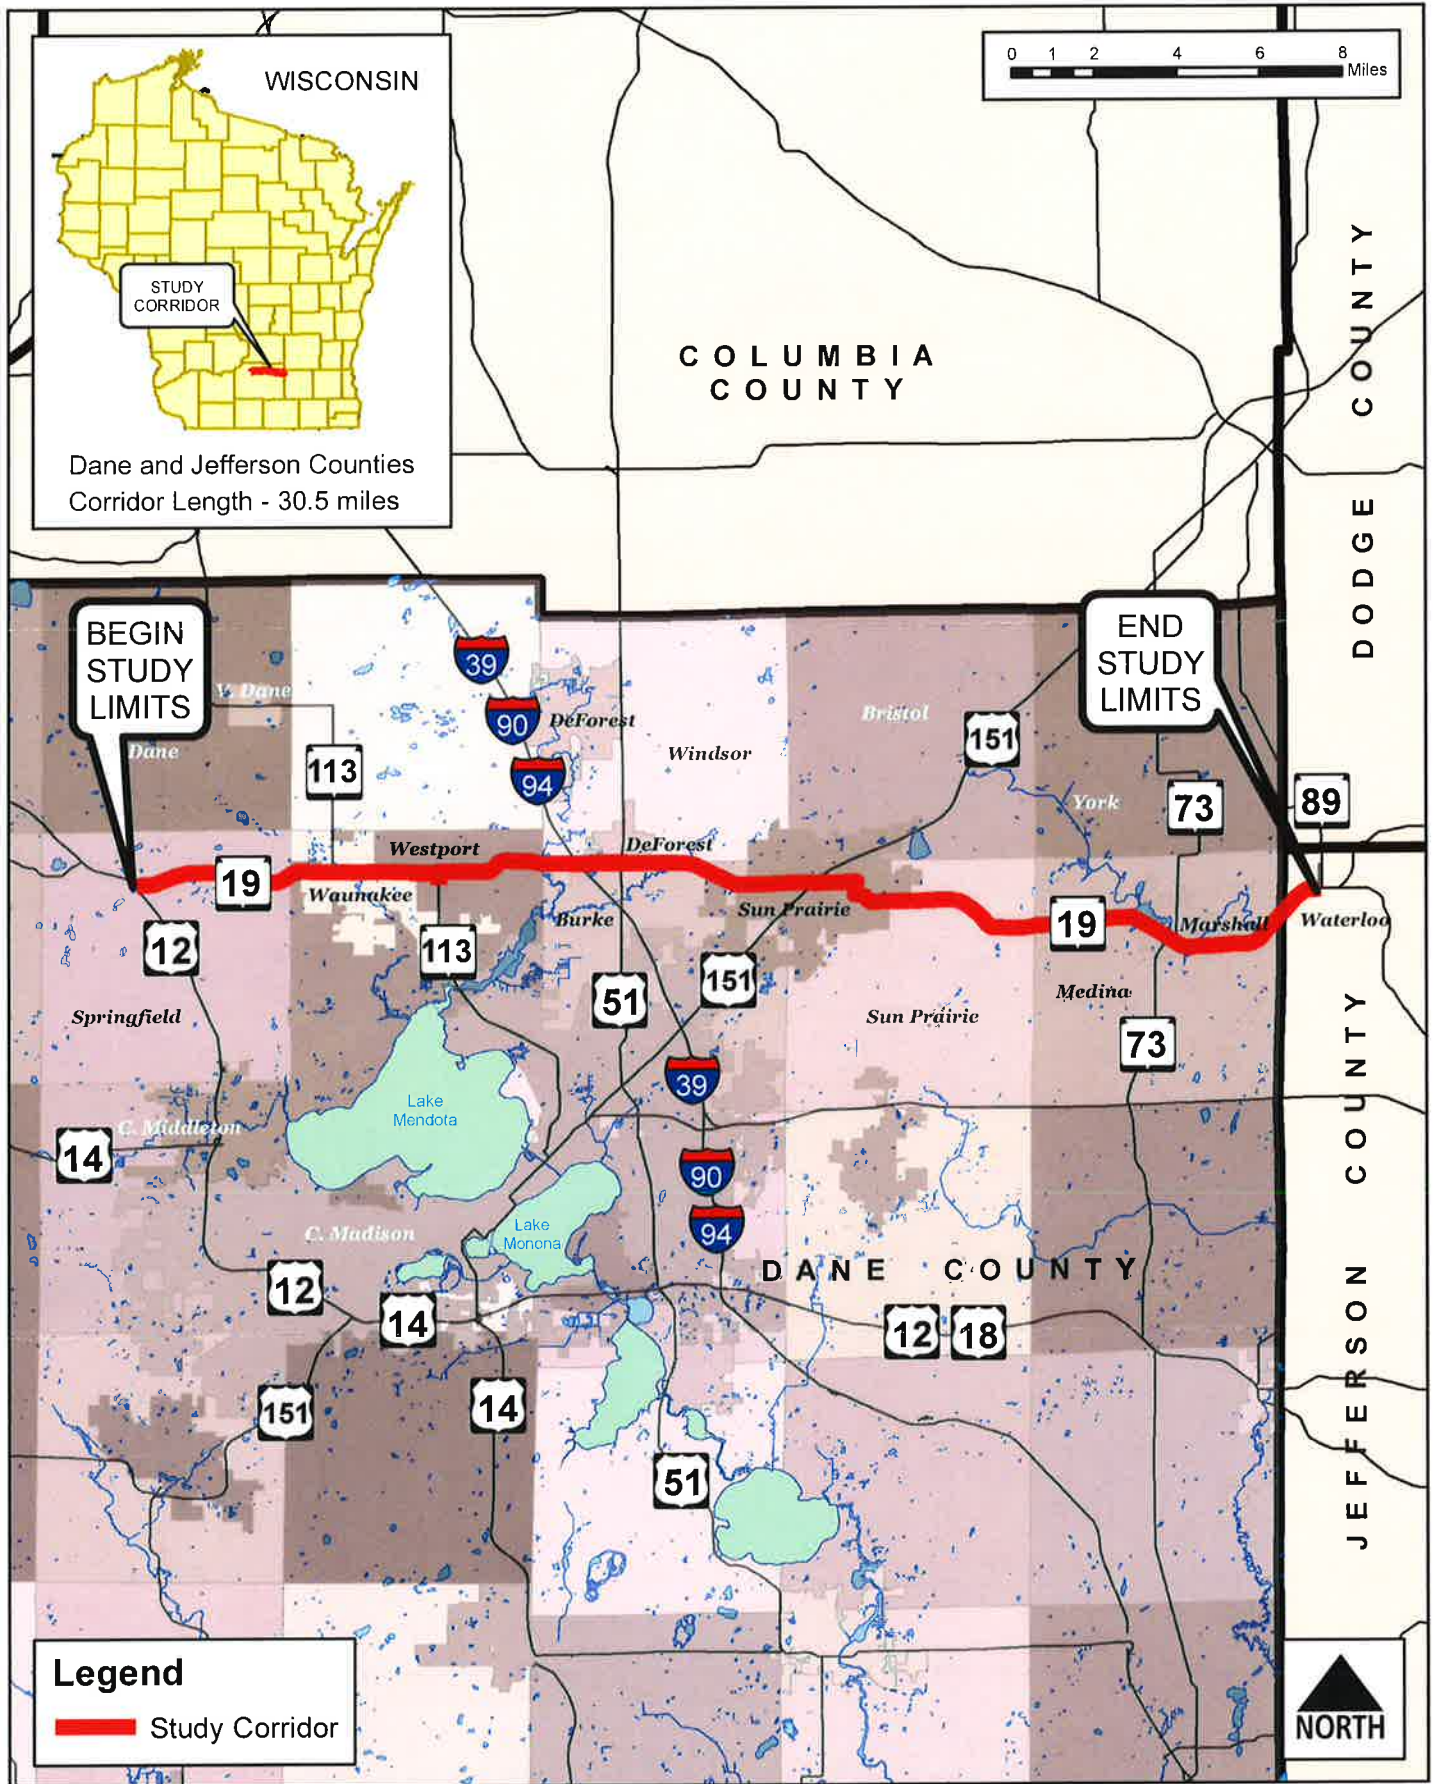

Waunakee Middle School, 1001 South Street, Waunakee, WI 53597

If you have any questions or comments regarding this study, please call me at 608-246-3860, or email at Franklin.marcos@dot.wi.gov. Project information can also be found at the project website www.dot.wisconsin.gov/projects/sw.htm.

Sincerely,

A handwritten signature in cursive script, appearing to read "Franklin Marcos".
