

# 2018 Construction Projects Update...for the Week of October 8th

## Village of Waunakee Improvement Projects

---

- **2018 Public Works Improvement Projects**

Wolf Paving and Excavating, Sun Prairie, Wisconsin

*Topeka Trail from N Madison Street to Cheyenne Pass*

*Santa Fe Trail from N Madison Street to Cheyenne Pass*

*Cheyenne Pass from Topeka Trail to Lexington Drive*

The rain events continue to delay the progress. Unfortunately, the weather impedes the disciplines that require dry weather conditions (i.e. concrete, landscaping, etc.). The contractors have told us that they will be working longer hours daily and Saturdays, when possible to get the project finished. The concrete contractors will be pouring concrete sidewalks, driveways, curb and gutter, and driveway aprons on Santa Fe Trail as weather permits.

As a reminder, driveways on Santa Fe Trail will not be accessible until after the new concrete has had adequate time to cure (approximately 3-5 days after the final pour). Residents can park on the street overnight, but we ask that you please have your vehicles off the streets from 7am to 7pm to allow the contractors enough room to do their jobs safely.

The landscaping contractors will continue placing topsoil in the terraces, and the disturbed lawn areas on Cheyenne Pass and Topeka Trail, as weather permits.

The U.S. Post Office recently told the Village that they will be requiring that the permanent mailboxes be consolidated (in pairs), and located on the shared property line. Attached is the mailbox consolidation and location plan they have provided. Please contact the USPS if you have questions about the consolidations. We will be staking the new mailbox locations, as the terraces are restored. If property owners would like to provide us with a new dual or joint mailbox post, we will install it. Otherwise we will reinstall the existing mailboxes.

*Holiday Drive Resurfacing*

This part of the project is substantially complete. A small amount of concrete will be installed this week.

A copy of the construction plans, the Construction Newsletter, and Weekly Updates are available on the Village web site (<http://www.waunakee.com/821/2018-Public-Works-Improvement-Projects>)

- **2018 Cross Street Improvements Projects**

Krause Excavating, Markesan, Wisconsin

Cross Street from Water Street to North Madison Street

This project is substantially complete.

- **Lawn Grass and Weed Complaints**

*We encourage residents to use the "Request Tracker" on our web site to inform us of any lawn grass or weed issues. <http://www.waunakee.com/RequestTracker.aspx>*

## Private Development Projects

---

- **Kilkenny Farms – Phase 1 - Livable Communities by Don Tierney**

LMS Construction, Pardeeville, Wisconsin

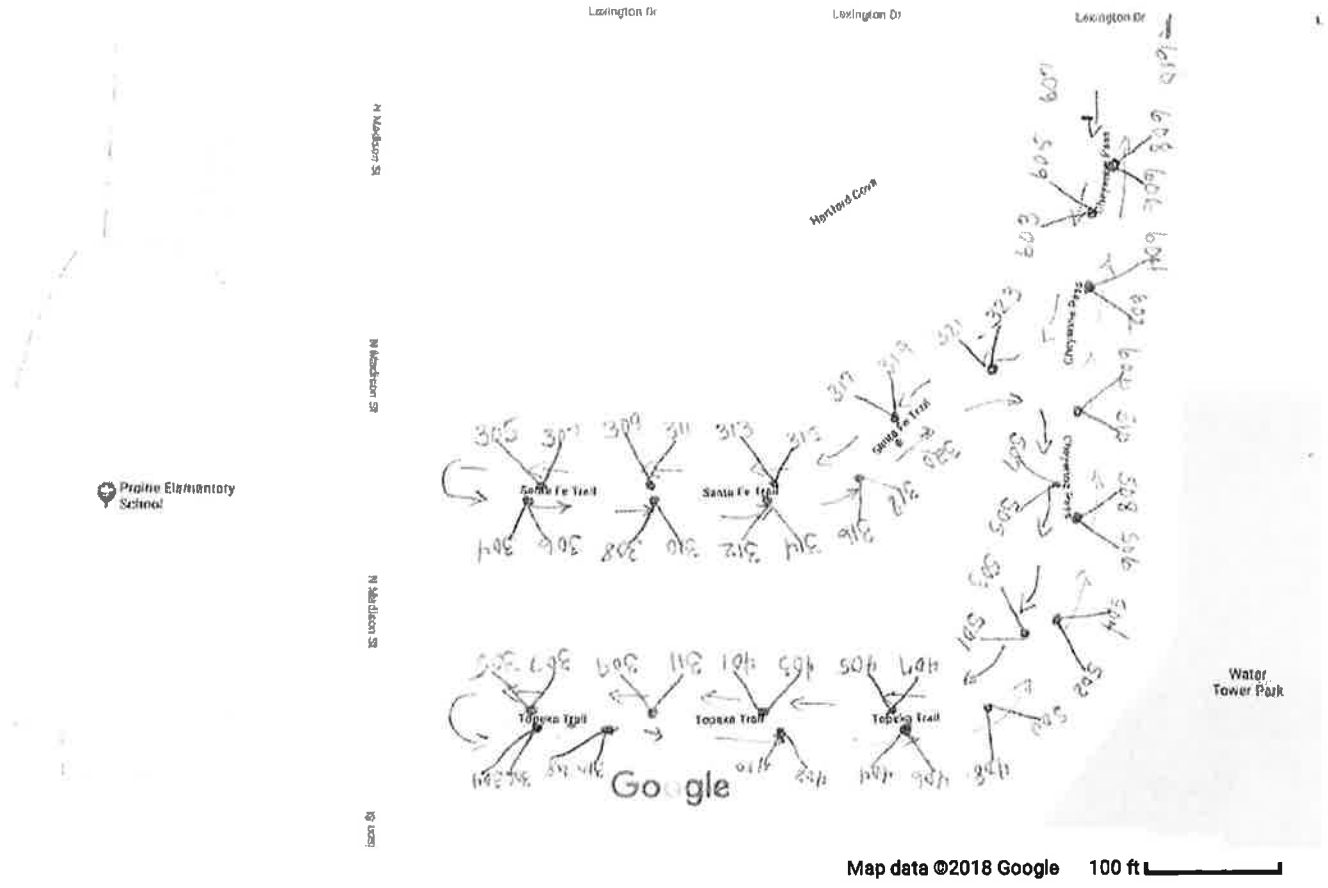

This phase of the project has reached substantial completion.

- **Westbridge – Phase 4/5 - Livable Communities by Don Tierney**

LMS Construction, Pardeeville, Wisconsin

This phase of the project has reached substantial completion.
