Purpose

When adopted, 2017 Wis. Act 243 created new reporting requirements for some communities (cities and villages with a population of 10,000 or more) relating to new housing fee reports. This Housing Fee Report complies with all requirements contained in Wisconsin State Statute 66.10014 in reporting the Village of Waunakee's residential development fees.

Contents

This report lists the amount of any of the following fees imposed on new residential construction, remodeling, or development:

- Building permit fee
- Impact fee
- Park fee
- Land dedication requirement
- Fee in lieu of land dedication
- Plat approval fee
- Storm water management fee
- Water or sewer hook-up fee

Additionally, this report contains a sum of these fees in the permit year divided by the number of units/projects approved in the permit year.

Process and Data

Due to requirements of Wisconsin State Statute 66.10014, this report was compiled utilizing the 2022 Village of Waunakee Fee Schedule, platting, development, and permit data in order to meet the posting deadline of January 31, 2023.

This report must be posted on the Village's website on a dedicated webpage in accordance with the State Statute and distributed to all members of the Village Board.

The Village of Waunakee has made every effort to ensure the accuracy of the information provided in this document. Due to the possibility of errors or other aspects of electronic communication that is beyond the Village's control, the Village of Waunakee does not guarantee the accuracy of this document and is not liable for reliance on this information. This document was created as basic submittal guide under the regulations in effect at the time of creation. It is not intended to cover all circumstances. Final determination of fees shall be calculated upon submittal. All fees are subject to change.

Fee Schedules

The following charts display the Village’s fee schedule for calendar year 2022. Fees are collected at the time of application or at the issuance of a permit. Deposit and escrow payments may need to be replenished by the applicant as the project progresses through the Village’s review and approval process. All fees are subject to change.

Financial Impact of Fees on Development

Village fees for new development are modeled below to illustrate impact on a hypothetical subdivision. For purposes of this illustration, these fees demonstrate cost for a development of 30 single-family units and 16 duplex units, all 3-bedroom units. Size of units is assumed to be 2,500 sq. ft. for single-family units and 1,500 sq. ft. for duplex units. On a per-unit basis, the average estimated Village fee is \$4,141.77. This amount represents an approximate increase of \$321.62 per unit over the 2020 amount.
