Mail Box Policy

Village snow plow operators try very hard to avoid mail boxes when plowing streets. However, weak posts or support brackets, rusted mail box components, and improperly placed mail boxes could result in damage.

If your mail box does not meet the placement guidelines (guidelines can be found at www.waunakee.com/publicworks). The Village will NOT replace or reimburse for damage.

- The Village will provide reimbursement up to \$50.00 (receipt is necessary).
- Claims must be received by May 1 and must be accompanied by a picture of the damage and receipt(s) for replacement materials. Claims will be reviewed and forwarded to the Village Board for approval.

The Mailbox damage report is available at Village Hall or can be found on the Public Works page of the village website.

Fire Hydrants

Residents are asked to clear snow and ice away from fire hydrants. This can save time in case of a fire when seconds count.
